	Mr. Hall provided a report on recent activities - Chapter 2 Trauma Rules and Regulations, which was approved at the last MTAC meeting on JUL 12 2018 is			

MISSISSIPPI STATE DEPARTMENT OF HEALTH

	scheduled to go to the BOH for consideration on OCT 10 2018			
	Mr. Hall reported that 5 Level III trauma centers were approved for continuing designation at said level at the last MTAC meeting and that the SHO had subsequently approved of said designation for each; designation letters sent			
	Mr. Hall reported that MTAC would be reviewing 1 application for continuing designation today			
	<p>Mr. Hall spoke to the implementation of the new, web-based trauma registry</p> <ul style="list-style-type: none"> - He noted that the implementation continues to move forward - He recognized UMMC and Ms. Amber Kyle, who has been very helpful in the implementation process - Ms. Kyle volunteered to be a test site for data entry into the new, web-based platform; working to assist in identifying issues with the new platform so that the issues could be resolved in the test environment - The issues identified were communicated to Digital Innovations, Inc. - Mr. Hall noted that there were plans for user training in the near future; dates forthcoming 			
	<p>Mr. Hall provided information as to the status of the 1st FY19 TCR Administrative Payments and forthcoming TCTF Distribution</p> <ul style="list-style-type: none"> - ADMIN Payments have been sent since the last MTAC meeting - HORNE has provided the Report and the TCR should be receiving the distribution checks in the next 45 days 			
BACS Data Report	<p>BACS request for Ms. Amber Kyle to present a report on UMMC Trauma Activation</p> <ul style="list-style-type: none"> - Ms. Kyle presented the PPT and talk on UMMC Trauma Activation (presentation copied to file) 		Ms. Kyle	Closed
State Medical Director Report: CEC/PI Dr. Donald	Dr. Donald reported that both CEC and PI did meet this quarter			

MISSISSIPPI STATE DEPARTMENT OF HEALTH

CEC	Dr. Donald reported that the CEC discussed the changes in trauma activation criteria beginning MAR 1 2018, with specific attention to the activation of older patients, who are taking anticoagulants, and who have fallen <ul style="list-style-type: none"> - CEC has requested additional data and will make a recommendation on this matter 		Dr. Donald	Next Meeting
	Dr. Donald noted plans for an upcoming trauma advocacy day to be at the Legislature during the upcoming legislative session	Follow-up and provide information to the membership as to the date and time for the proposed event	Dr. Donald	Next Meeting
	Dr. Donald noted that the Rules and Regulations Subcommittee has begun discussing the prospect of changing the TNCC requirement for Level I trauma centers; this matter will be taken up as upcoming Rules and Regulations Subcommittee and CEC meetings			
PI	Dr. Donald provided an overview of current PI activities: <ul style="list-style-type: none"> - Reviewing and tracking data regarding deaths, survivors, transfers and transfer delays - Reviewing trends within the region to determine best practices that could be shared related to patients expired at Level III/IV; are deaths related to severity of injury, etc.? - Reviewing patterns in/out of regions (how to determine the time of transfer and differentiate if time waiting is in facilities) - Requesting information regarding EMS wait times in facilities (Dr. Deschamp states EMS has a group pulled together to review this matter) 			
MHA Mr. Roberson	Mr. Roberson was present and represented MHA today at MTAC; he spoke to the following points: <ul style="list-style-type: none"> - Stated MHA plans to address the issue of trauma funding with Legislature - Noted that the Trauma Advocacy Day at the Legislature would likely be either January 16th or 30th 			
MATA Ms. Thomas	Ms. Thomas provided an update for MATA <ul style="list-style-type: none"> - States MATA meets on quarterly <ul style="list-style-type: none"> o Stated that the regions are seeing an increase in requests from the subcommittees for data for reports o States that the regions feel that data should come from the “state” 	Mr. Hall noted that the BACS is always glad to produce said reports <ul style="list-style-type: none"> - Provided the historical context for subcommittee data requests - In the past, and increasingly the regions had offered to provide data 	BACS/	Closed

MISSISSIPPI STATE DEPARTMENT OF HEALTH

	<ul style="list-style-type: none"> ○ States that when they run their reports the data is inconsistent from the state data reports ○ States that data is more consistent when provided by the “state” ○ States that MATA would like for all data to be run by the state 	<p>and stated that they could get EMS data associated with completing said reports easier than the state</p> <p>There was some discussion about the necessity of the regions providing regional data for the State PI meeting (this is a contract deliverable)</p> <p>Ms. Kyle stated that the issue of inconsistent data is essentially an issue of training and asked: couldn't the regions provide training on the registry for their users in their regions?</p>		
<u>Committee Reports</u> Rules and Regulations	<p>Ms. Kyle, chair of the subcommittee, provided the update:</p> <ul style="list-style-type: none"> - Met JUL 10 - Next meeting in OCT - Have forwarded two issues to CEC: TNCC requirements and repatriation of trauma patients - Discussed the following briefly: geriatric guidelines and registry validation process - TCTF task group – plan to meet to make recommendation 	<p>Dr. Donald noted there seems to be a concern from the lower level hospitals about the prospect of potential repatriation</p> <ul style="list-style-type: none"> - And there may not be a real desire among our stakeholders to move forward with implementing repatriation at the statewide level 		
Functionality	<p>Dr. Deschamp, chair of the subcommittee, provided the update</p> <ul style="list-style-type: none"> - Need to look at the acuity level of interfacility transports 			
Burn Subcommittee	<p>Mr. Galtelli, chair of the subcommittee, provided the update</p> <ul style="list-style-type: none"> - Posed the question as to status of burn destination guidelines - States there is a need for pediatric burn guidelines - Talks about death reporting for burn patients - States that he will provide the Burn Dashboard developed in partnership with BACS at the next MTAC - States we need to better understand specific metrics, i.e. burn transfers and number of times patient is transferred (in-state or out of state) 	<ul style="list-style-type: none"> • System of Care plan to be sent to Dr. Donald and to next MTAC meeting (to provide for the development of burn destination guidelines) • Copy of dashboard to MTAC January meeting 	<p>Mr. Galtelli Mr. Hall</p>	<p>Next meeting</p>
Trauma Registry Subcommittee	<p>Mr. McManus, chair of the subcommittee, provided the update</p> <ul style="list-style-type: none"> - Noted that the CEC is requesting data on anticoagulated older adults with SHF 	<ul style="list-style-type: none"> • Spreadsheet of data regarding anticoagulated older adults, same 	<p>Mr. McManus</p>	<p>Next meeting</p>

MISSISSIPPI STATE DEPARTMENT OF HEALTH

	<ul style="list-style-type: none">- Noted that these patients are not always otherwise entered into the registry (Ms. Kyle states very 1st criteria for patient to be entered into registry is that the patient must have an injury code)- (Dr. Donald stated that to date tracking on this matter has been limited to the Gulf Coast and the Southeast region)	height falls to be sent to CEC next meeting.		
NEW BUSINESS				
Replication of Arkansas Trauma Study	Ms. Kyle states UMMC has a 2 year trauma fellow, who could take on running lead on this study <ul style="list-style-type: none">- Dr. Donald states he agrees and ready to begin-		Ms. Kyle/ BACS	Ongoing
Adjourned to Executive Session				
ADJOURNMENT: 11:47 a.m. Next Meeting: January 22, 2019 MINUTES RECORDED BY: Mr. David Hall
